There will be a small adult/child ratio of ideally six children. The dance class will consist of learning some basic techniques, and a dance routine, which the children will perform for the parents at the end of the last day. The focus will be on experiencing the fun of movement and performing rather than on intensive training. Children will need to wear comfortable clothing and can bring ballet shoes, but not required. For Dance Day Out, we will incorporate their art projects into the routine. We will also spend a substantial amount of time on art, stories, skills and other activities in Dance Day Out.

About me: I am excited to combine my passions: Working with children and dance/theater. I have a B.A. in Early Childhood and Special Education and have 7 years experience teaching preschool. I also have many years experience of dance and theater. Currently, I teach cardio dance classes at local gyms, and work on various choreography projects, as well as stay home with my six year old daughter. Another interest I have and would like to incorporate in this program is photography. For an additional/optional fee I will do mini photo sessions with your child and also take candid pictures throughout. Inquire for more information.
